RE: Request to Designate All Precincts as Mailing Precincts for the 2020 Primary Election

Dear Ms. Spikula,

This office is in receipt of your request to designate all precincts in your county as mailing precincts for the 2020 primary election, to be held June 9, 2020. This request is being made in accordance with NRS 293.213(4).

Given the current situation regarding the COVID-19 pandemic, this office approves your request to designate all precincts in your county as mailing precincts for the 2020 primary election. Please note that at least 14 days prior to officially designating the precincts in your county as mailing precincts, you must follow the noticing requirements found in NRS 293.213(5).

The approval to designate all precincts in your county as mailing precincts is only for the 2020 primary election. After the 2020 primary election has concluded, all precincts in your county that do not otherwise meet the statutory standard for designation as a mailing precinct will lose the mailing precinct designation.

Thank you for all the work you do to support the electoral process in Nevada. Should you have any questions about the contents of this letter, please contact the undersigned at (775) 684-5720 or wthorley@sos.nv.gov.

Respectfully,

Barbara K. Cegavske

TO: All State Legislators, County Commissioners, and City Representatives

FROM: Washoe County Registrar of Voters

Date: May 31, 2020

Pursuant to NRS 293.213(4), I am notifying you that I have submitted a request to the Nevada Secretary of State to designate all of Washoe County's precincts as mailing precincts for the June 9, 2020 Primary Election *ONLY*. This decision was made after careful consideration and in consultation with Secretary of State, Barbara Cegavske. Her office approved our request to designate all 558 of our precincts as mailing precincts on March 30, 2020.

As a nation, state and county, we do not know what precautions in regards to COVID-19 may or may not be in place at the time of the June 9, 2020 Primary Election. In order to ensure a fair, transparent and accurate election, we had to consider that the current restrictions and social distancing practices would still be in place.

In addition, as you are aware, there is a great deal of preparation that goes into administering any election. All 17 County Election Officials and the Secretary of State determined we could no longer divide our resources between preparing for an in-person election and preparing for the contingency to switch to an all-mail election. Because of the critical deadline driven nature of election planning, this decision needed to be made quickly and decisively.

I would like to assure you that all 17 County Election Officials and the Secretary of State are confident that we will be able to conduct a fair, transparent and accurate all-mail in election. All control, security and verification procedures that are already in place for our no-fault absentee ballot processing will continue to ensure the integrity and accuracy of our Nevada elections.

In closing, it is my determination that the best way to protect the safety and health of citizens, poll workers and staff, as well as ensure that the Primary Election continues uninterrupted, is to bring the ballot box to the voters by establishing all 558 of our precincts as mailing precincts.

Thank you for your understanding of this urgent matter. Please feel free to contact me with any questions.

Sincerely,

Attention: Wayne Thorley
Deputy Secretary of State for Elections

Dear Secretary Cegavske:

In response to the coronavirus situation we are all dealing with at the local level, I am writing to request that we are given permission to hold an all mail ballot election for the 2020 Primary Election in Clark County. I make my request pursuant to NRS 293.213(4). We cannot be certain that the poll workers or voting locations can be made available to us based on the public's concern related to being exposed to the coronavirus.

We fully intend to provide the normal in person voting process for the General Election at this point, this is only an emergency response to our current situation with coronavirus. We do not intend to use this as a springboard to encourage the state to move to an all mail ballot process in the future. Our voters have consistently indicated that they prefer the in person experience in Clark County. No excuse mail ballot requests have been allowed for many years and we have not seen a substantial increase in the number of voters who choose to vote by mail.

We hope you appreciate the sense of urgency in making the decision to move to mail for the Primary Election, there is a tremendous amount of work that needs to be done in order to prepare for this scenario. We need approval as soon as possible.

Sincerely,

Secretary Cegavske Announces Plan to Conduct the June 9, 2020 Primary Election by All Mail

Post Date: 03/24/2020 3:58 PM

NEVADA SECRETARY OF STATE

BARBARA K. CEGAVSKE

FOR IMMEDIATE RELEASE

Contact: Wayne Thorley

(775) 684-5720

wthorley@sos.nv.gov

(Carson City, NV; March 24, 2020) – Nevada Secretary of State Barbara Cegavske, in partnership with Nevada’s 17 county election officials, announces today plans to conduct an all-mail election for the June 9, 2020 primary election. All active registered voters in Nevada will be mailed an absentee ballot for the primary election. No action or steps, such as submitting an absentee ballot request application, will be required by individual voters in order to receive a ballot in the mail. Voters will be able to mark their ballot at home and then return it by mail using a postage-prepaid envelope or by dropping it off in person at a designated county location. This announcement applies only to the June 9, 2020 primary election.

Secretary Cegavske seeks to reassure voters in Nevada that their health and safety while participating in voting is paramount to state and local election officials. “Because of the many uncertainties surrounding the COVID-19 pandemic, as well as the immediate need to begin preparations for the 2020 primary election, it became necessary for me to take action regarding how the election will be conducted,” said Cegavske. “Based on extensive conversations with Nevada’s 17 county election officials, we have jointly determined that the best option for the primary election is to conduct an all-mail election.”

In order to slow the spread of the novel coronavirus, federal and state health officials have discouraged group gatherings. The training of thousands of poll workers who support Nevada’s large in-person voter effort was scheduled to begin next week. The majority of Nevada’s poll workers belong to groups that are at high-risk for severe illness from COVID-19. In order to maintain a high level of access to the ballot, while protecting the safety of voters and poll workers, the decision to conduct an all-mail primary election was made.

Even though the majority of voters will be casting a mail ballot for the June 9, 2020 primary election, the high standard Nevada has set for ensuring the security, fairness, and accuracy of elections will still be met. Deputy Secretary of State for Elections Wayne Thorley said, “The priority of the Secretary of State’s Elections Division is to ensure every eligible Nevadan has the opportunity to safely vote in the primary election and that the integrity of the election is maintained. We are working with our 17 county election officials to implement the changes necessary to successfully administer this election.”

In order to accommodate same-day voter registration, as well as assist voters who have issues with the ballot that was mailed to them, at least one in-person polling location will be available in each county for the June 9, 2020 primary election. These polling locations will be set up to ensure the safety of voters and poll workers alike. Because in-person voting opportunities will be extremely limited for the primary election, Nevadans are encouraged to register to vote now and not rely on the same-day registration process. Voters are also encouraged to confirm that their voter registration information is up-to-date, including mailing address and political party affiliation. Visit www.RegisterToVoteNV.gov to register to vote online or make updates to your existing voter record.

Voters are reminded that absentee ballots must be dropped off in person by the close of polls on Election Day, or postmarked by Election Day. Ballots that are postmarked by Election Day and received no later than seven days after the election will be counted. Additionally, if a voter fails to sign the ballot return envelope or the voter's signature does not match the one on file with the county election official, the voter will be contacted, and the voter will have up to the seventh day after the election to make the necessary correction. It is important to understand that these statutory deadlines will result in updating vote totals and election results for up to seven days after the election. Close races may remain undecided until all ballots are counted. All counties must certify the election results no later than 10 days after the election.

For more information about the June 9, 2020 primary election, please contact the Secretary of State's Elections Division at (775) 684-5705 or nvelect@sos.nv.gov.

- Use a black or blue ink pen. **Do not** use felt tip pens or permanent markers.

- If you do make a mistake or change your mind while voting your ballot **do not** use correction fluid or tape. Simply put a single line through the name of the candidate or question you do not wish to vote for and completely fill in the oval to the right of the candidate or question you do want to vote for. Please do not try to completely black out the name or question.

The Washoe County Registrar of Voters will process and count all absentee ballots that are submitted and received as follows:

- (1) **SIGN the return envelope** in the space designated for your signature. This is required for verification purposes.

At the polling location, voters with disabilities may request to be taken directly to the intake table and to have priority in voting on designated machines.

If a voter cannot sign their name in the precinct register because of a physical disability, they can still vote. Election officials will ask for identifying information.

If a voter cannot see a ballot well, they can engage the zoom feature. They also have the option to change the contrast of the screen color.

A voter can engage an audio ballot for voting. A voter can use the ATI controller in conjunction with the audio ballot.

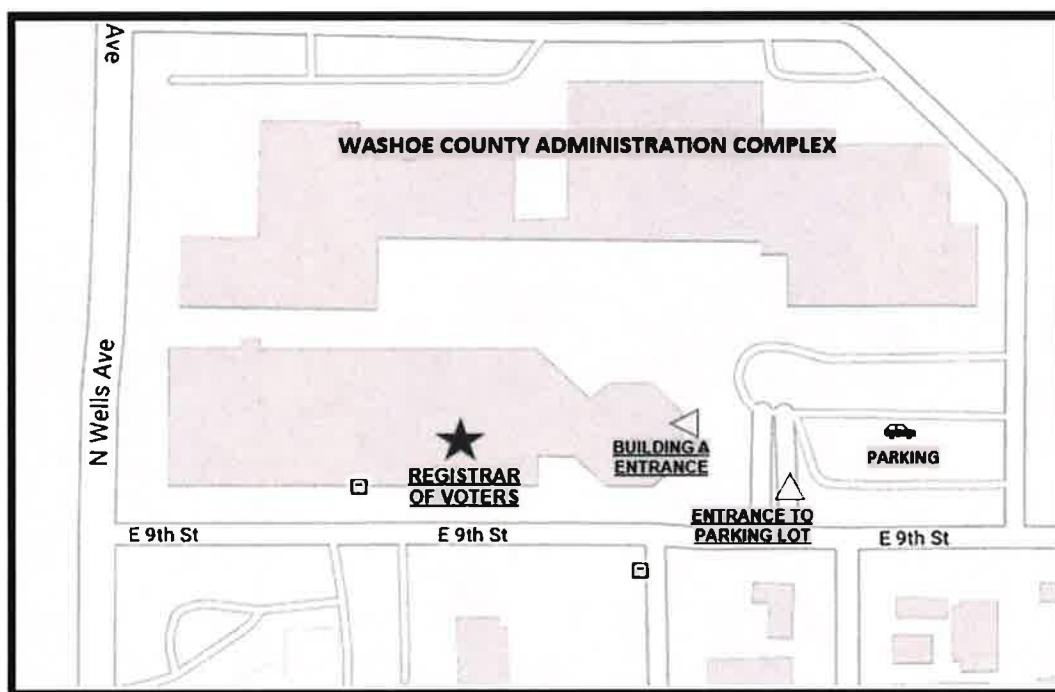

The ATI controller is available with headphones; however, a voter can bring their own if they wish.

Other accessibility devices, like paddles, sip-and-puff devices, are also compatible with our voting machines; however, the voter will need to provide these devices.

The Washoe County Registrar of Voters is working in collaboration with the Secretary of State to increase the accessibility of voting by mail to voters with disabilities. Please call our office for options and information: (775) 328-3670

v.

Barbara Cegavske, in her official capacity as
Nevada Secretary of State, and **Deanna
Spikula**, in her official capacity as Registrar
of Voters for Washoe County,

Defendants

Case Number: 3:20-cv-00243

Declaration of Daniel D. Virgilio

Declaration of Daniel D. Virgilio

I, Daniel D. Virgilio, make the following declaration pursuant to 28 U.S.C. § 1746:

1. I am a resident of Clark County, Nevada and an eligible and duly registered voter in the

1 State of Nevada.

2 2. I am over the age of 18.

3 3. I am very concerned about the integrity of the absentee mail-in ballot process proposed by
4 the Nevada Secretary of State.

5 4. I live in a large Homeowners' Association community with over 400 units.

6 5. Last week, I found my ballot for the June primary outside of my mailbox with a handful of
7 other discarded ballots. Over a two day period, I saw about 4 or 5 ballots discarded a day. I saw
8 about 10 ballots over the course of two days. Some of the ballots were in the trash can, some
9 were on the floor behind the trash can and the ledge, and some were on the ledge.

10 6. According to the ballot, to send it in your ballot, you need the name, address, and signature
11 of the voter. All of this information is apparent to any person who picked up the ballot.

12 7. I use to be able to walk to my polling location, which was a 5 minute walk away from my
13 home. From the letter enclosed with the ballot, I understand that there is only one polling place to
14 vote in person on election day for the primary. This primary election, the one polling location is
15 very far from me, and located in a very bad part of town. By voting in person, I will be forced to
16 vote not in my precinct, stand in long lines, and expose myself to harm from the dangerous
17 neighborhood.

18 I affirm under penalty of perjury that the foregoing is true and correct. Executed on May 13,
19 2020.

22 **JOINDER IN THE OPPOSITIONS TO**
23 **PLAINTIFFS' MOTION FOR PRELIMINARY INJUNCTION**
24 **FILED BY DEFENDANTS CEGAVSKE, FORD, SPIKULA AND JAKEMAN**

25 Comes now Defendant Joseph P. Gloria, by and through his counsel, Steven B. Wolfman,
26 District Attorney, by Mary-Anne Miller, County Counsel and files this Joinder to the Oppositions filed
27 by the other Defendants in this action to the Plaintiffs' Motion for Preliminary Injunction. The
28 Registrar fully supports the arguments made therein.

1 In addition to this Joinder, this Defendant attaches the affidavit of the Assistant Registrar of
2 Voters, Lorena Portillo. At the direction of local county officials, the Clark County Registrar of Voters
3 is setting up two additional election day voting sites and will mail absent ballots to all registered voters,
4 including inactive voters, at additional expense.

5 The additional election day voting sites were not thought to be needed because of the ease and
6 safety of voting by mail ballot and because of the extremely low turnout for primary elections in Clark
7 County in the recent past. (See attached affidavit). The mailing of ballots to inactive voters will likely
8 be similarly unnecessary because their addresses are outdated and the ballots will be returned as
9 undeliverable. (See attached affidavit).

10 This Defendant would also like to point out the relative low signature mismatch on mail ballots
11 experienced in Clark County. See Affidavit of Assistant Registrar. This low rate is likely attributable
12 to the fact that voters mark their mail ballots in the comfort of their home, at their kitchen table or
13 desk, unlike those signatures obtained by petition circulators who utilize clipboards or catch their
14 voters in a rush coming in or out of businesses.

15 In the event there is an issue with a voter signature, Clark County will contact the voter by
16 phone or email first and has been advertising this fact on the notice sent to voters and on its website.
17 See Exhibit A, Notice sent to all registered voters about mail ballot. *Also accessible at:*
18 <https://www.clarkcountynv.gov/election/pages/default.aspx>.

19 For the reasons set forth above and in the Defendants' Oppositions, Defendant Gloria asks this
20 Court to deny the relief requested by Plaintiffs.

Case No.: 20 OC 00064 1B

Dept. No.: II

AFFIDAVIT OF LORENA PORTILLO

STATE OF NEVADA)
) ss:
COUNTY OF CLARK)

COMES NOW, Lorena Portillo, being duly sworn, states:

1 1. I am the Assistant Registrar of Voters of Clark County, and have worked for the Clark
2 County Election Department since August 3, 1998.

3 2. That the Clark County Registrar of Voters supported the adoption of an all-mail ballot
4 election for the June 9, 2020 Primary Election and the temporary provisions that the Nevada
5 Secretary of State enacted to implement that. The plan is a necessary and an appropriate way to
6 address voter and staff safety while safeguarding the right to vote in a fair and secure election
7 setting. The Clark County Election Department immediately undertook the complicated process and
8 expense necessary to conduct an election in this manner, including the acquisition of mail ballot and
9 signature verification hardware and software at an expense of \$331,750. Mail ballots will go out to
10 active registered votes on May 6, 2020.

11 3. I have read the affidavit of Deanna Spikula, Washoe County Registrar of Voters,
12 submitted in this action and agree with the representation of the problems that a revision to or
13 expansion of same day registration/in person voting would present in the upcoming primary election.

14 4. To expand the provision of same-day registration and in-person voting on election day,
15 Clark County will have to acquire the use of additional printers that are capable of printing the
16 individualized ballot for each prospective voter with the accuracy required to have it counted with
17 the County's automated ballot counting machines. There are only 60 printers available from the
18 County's vendor that can be delivered and programmed by Primary Election Day. The cost of
19 leasing the available printers for one year will be \$138,997.50.

20 5. Clark County will have to locate available sites which have both sufficient wiring and
21 electrical facilities for the computers and printers, as well as the necessary space to adequately
22 separate staff and voters from each other. Many sites traditionally used are not available because
23 they do not wish to undertake the risk of exposures at this time.

24 6. If County sites are used, and the additional available printers are divided into two sites,
25 the County could staff two additional vote centers with 25-30 additional personnel assigned to each
26 site, who could assist the prospective voter, research voter issues, and ensure that proper distancing
27 is maintained between 15 prospective voter registration/vote stations and waiting voters. An order
28 that would impose more than two additional sites in Clark County would require that these existing

1 printers be spread out among the additional sites, resulting in the potential for longer lines and wait
2 times at those sites. In turn, that expands the potential for infection spread and danger to the public.
3 Further, each new site will require additional ADA desktops, as well as hardware and software for
4 onsite audio voting, and additional PPE for each site, all at the unbudgeted expense of the County.

5 7. In addition, each new vote center will require additional staff to monitor voter and staff
6 safety measures, including site disinfectant and distance spacing. Clark County will experience the
7 same troubles outlined in Ms. Spikula's affidavit in recruiting and training staff willing to work with
8 a constant flow of strangers during the pandemic.

9 8. It will cost Clark County \$184,738.01 (\$30,385.00 in postage; \$154,353.01 in mail ballot
10 packet-bulk pricing) to mail ballots to inactive voters in Clark County. It will take seven days to
11 print and assemble the ballot packets, and they will be mailed out over a period of a few days to
12 comply with postal service bulk mail rules. Based on past experience, at least 90% of those will
13 come back undeliverable.

14 9. The past voter turnout for primary election in even numbered years has been low. In
15 2018, with a highly contested gubernatorial primary and two U.S. Senate nominations on the
16 primary ballot, the turnout was only 20.41% of registered voters. In 2016, the primary election
17 turnout was 16.16%. In 2014, it was 15.80% in the County. In 2012, the turnout was 16.23%. This
18 year, with no hotly contested state-wide races at the top of the ballot, there is nothing special to draw
19 voters in greater numbers than before for in-person voting.

20 10. Signature verification has not been a significant issue on absent ballots in the recent past.
21 For example, in the 2018 Primary Election, there were only 9 mismatched signatures out of 14,708
22 ballots returned, and in the 2018 General Election, only 59 signatures were determined to be
23 mismatched out of a ballot return of 49,072.

24 11. Given the low voter turnout expected, the increased risk of harm to voter and staff safety
25 alike, and in light of the new expenses already incurred, there is little justification for such increased
26 risk and expense that any change to the plan would cause.

27 Dated this 7th day of April, 2020.

JUNE 9, 2020, PRIMARY ELECTION NOTICE OF ALL-MAIL BALLOT ELECTION

Clark County Election Department, 965 Trade Dr., North Las Vegas, NV 89030

OVERVIEW

To help keep you, your family, and our community safer by limiting interactions that could spread the coronavirus, the June 9, 2020, Primary Election is being conducted entirely by mail ballot. On or before May 18, 2020, Clark County registered voters will receive a mail ballot packet from the Clark County Election Department which will include:

- A ballot and instructions for voting a mail ballot;
- A pre-addressed, postage-paid envelope that must be used for returning voted mail ballots; and
- A list of mail ballot drop-off sites for voters to drop off their own voted mail ballot in-person, if they are unable to put their ballot in the mail.

Registered Voters who do not receive their packet by May 18, 2020, should contact us at (702) 455-VOTE (8683). We **STRONGLY ENCOURAGE VOTERS TO MAIL THEIR BALLOT** rather than drop it off in-person. Please read this entire notice for important details.

CONTACT INFORMATION WILL HELP US ASSIST VOTERS

We strongly encourage all voters who do not have their current e-mail or phone number listed in their registration records to contact us as soon as possible and no later than **MAY 12, 2020**, to provide that information. This is important because if a mail ballot has no signature on the envelope, or if the signature does not match the one the Election Department has on file, we will need to contact the voter as soon as possible to resolve this issue. To check if your phone number or e-mail is in your voter registration records or to add it if it is not:

- Log-in on the Secretary of State's website at www.registertovotenv.gov; or
- Send an e-mail to elinfo@ClarkCountyNV.gov; or
- Call us at (702) 455-VOTE (8683).

Please note that NRS 293.558 requires the Clark County Election Department to keep your e-mail address **CONFIDENTIAL**. Meaning, it may not be given to third parties.

CLOSE OF STANDARD REGISTRATION

The deadlines to register to vote or update existing voter registration by mail or online in time for the June 9, 2020, Primary Election and still receive a regular mail ballot are below. After those dates pass, voters who wish to register to vote or make changes to their existing voter registration will have to do so through the same-day registration or same-day updates process, either online or in-person. Those voters may only vote a paper provisional mail ballot in-person on the spot at the Clark County Election Department and will need to show current, valid identification, and, if needed, proof of residency. See "Same Day Registration and Same-Day Updates of Existing Registration" starting on page 5 for more information. We strongly urge voters to register to vote or to make any necessary updates as soon as possible so they may avoid having to go to the Election Department offices.

- **May 12, 2020**, is the last day to register to vote or update your existing voter registration by mail for the June 9, 2020, Primary Election.
- **May 21, 2020**, is the last day to register to vote or update your existing registration on the Secretary of State's website at www.registertovotenv.gov.

RETURNING YOUR VOTED MAIL BALLOT

The Clark County Election Department will process and count voted mail ballots that are returned in the envelope provided, **but only if the outside of the envelope is signed by the voter**. This is required for verification purposes.

The ballots must be submitted and received in one of the following ways:

- **Mailed Through the U.S. Post Office:** We ***STRONGLY ENCOURAGE VOTERS TO RETURN THEIR VOTED MAIL BALLOT THROUGH THE U.S. POST OFFICE*** rather than drop it off in-person. To send it by postal mail, voters must:
 - Seal their voted mail ballot in the pre-addressed, postage-paid, return envelope included in the packet they will receive.
 - **Sign the outside of the envelope in the space provided for their signature.**
 - Make sure their signed envelope is postmarked by June 9, 2020. Note that we must receive properly postmarked ballots by 5:00 p.m. on June 16, 2020, (7 days after the Election Day) for them to be counted.
- **Dropped-Off In-Person:** Voters may also drop off their own voted mail ballot, but only at one of the locations in the schedules on pages 3-5 during the listed dates and hours. To do this, voters must:
 - Seal their voted mail ballot in the return envelope included in the packet they will receive.
 - **Sign the outside of the envelope in the space provided for their signature.**
 - Drop off their voted mail ballot no later than 7:00 p.m. on Election Day.

Updated May 6, 2020 - 8:18 pm

Clark County will offer more voting options in the June 9 primary election as part of sweeping changes revealed Tuesday, but how and when those decisions were made remained a mystery.

Most members of the Clark County Commission and several county staff members did not respond Wednesday to requests for comment on the changes. Two commissioners applauded the new measures

but said they either could not share or did not know how the changes were made.

Meanwhile, Republicans feel the changes were the result of either pressure from or a deal with the Democrats and are threatening a new lawsuit of their own to block them.

This week's news came after Clark County Counsel Mary-Anne Miller [submitted a court document](#) Monday in which she said that the registrar of voters, Joseph Gloria, "at the direction of local county officials" was setting up two additional in-person voting sites in the county.

The filing said the additional sites "were thought not to be needed because of the ease and safety of voting by mail and because of the extremely low turnout for primary elections in Clark County in the recent past."

The county will now offer three in-person voting sites, mail ballots to every registered voter instead of just active voters and allow a bipartisan group of deputized "field registrars" to collect sealed ballots from voters as part of its announced changes.

According to the court filing, the changes will cost the county at least \$323,000.

The new policies come as the state and county election officials face a lawsuit from the Nevada State Democratic Party, the Democratic National Committee and other related groups. Many of the Democrats' demands were met by Clark County, but the groups are seeking statewide changes for both the primary and general election.

The state Democrats declared a victory Tuesday, saying the changes in Clark County will expand voter access. The election officials have maintained they are not trying to curb access but rather lower risk of COVID-19 exposure for voters and staff.

Commissioners in favor of changes

Commissioner Tick Segerblom said he could not speak for the commission as a whole or about how the decision to amend the county's election plan was reached, but he expressed his support for the changes.

"Having only one voting center was unacceptable," he said. "This is a huge county, and we need to do anything we can do to make it easier for people to vote."

Segerblom said he also agreed with mailing ballots to all registered voters, not just active ones.

"It's not right that a government official would decide to not send ballots to some people because it was decided those people aren't likely to vote," he said.

Voting is a fundamental right, he added, and the increased costs are worth protecting that right.

Segerblom said the county has acquired about \$295 million in federal stimulus money related to the COVID-19 pandemic, with more federal money tied to elections on the way.

"Either way, I don't think Nevadans are going to have to sacrifice because of (the county's election changes)," he said.

Commissioner Lawrence Weekly said he expressed his concerns with the county's previous election plan to County Manager Yolanda King after learning of the specifics through news reports. He was not sure how the changes were eventually made.

He said Gloria had expressed staffing and other concerns to the commission during previous meetings, but Weekly did not know the county's plan included only one in-person voting center, which he would have opposed.

Weekly is also in favor of the new requirements, noting that elderly or disabled voters might not be able to even walk to their mailboxes to submit their ballots. He said the new options allow those concerned about the coronavirus to vote safely from home, while increasing access for others.

He agreed with Segerblom's response when asked about the increased financial cost.

"There's no cost too much when it comes to doing the right thing for the American people," he said. "We have to utilize the resources we have to not inconvenience folks as much as we can."

Multiple attempts to reach Commissioners Michael Naft, Larry Brown, Marilyn Kirkpatrick, Jim Gibson and Justin Jones were not successful, as were attempts to reach Miller, the county counsel, and county spokesmen Erik Pappa and Dan Kulin.

Republicans respond

Republican National Committee Chief of Staff Richard Walters said that the commission reached a "back alley deal" with the Democratic

groups pushing the lawsuit. The RNC has intervened in the lawsuit to oppose the Democrats.

“If Gloria doesn’t want to do it and says it’s a waste of taxpayer money, then why are you doing it?” Walters said. “This only benefits the Democrats. ... it’s a swipe at election integrity.”

Republicans believe allowing someone to collect sealed ballots on behalf of voters, which is technically illegal in Nevada, leads to election fraud, though that claim remains unfounded.

Democrats have maintained in this lawsuit and others that this fear is not based on evidence. The state party noted Wednesday that a Nevada federal court threw out a lawsuit last week filed by a conservative group making those same allegations.

Walters said the RNC is contemplating legal action against Clark County. He maintained that the stimulus money the county may use to pay for the changes belongs to the taxpayers.

“We will absolutely sue them into oblivion if we have to,” Walters said.

Any litigation from the RNC could wrap the county in a sort of legal spiderweb. Republican lawyers would be working to oppose the Democrats’ lawsuit against Gloria — and by extension, the county — with one hand while suing the county’s governing body with the other.

Former Nevada Attorney General Adam Laxalt echoed the allegations of a shady deal on Wednesday in a tweet amplified by Donald Trump

Jr. Laxalt is also a statewide chair of President Donald Trump's re-election campaign.

In an interview, Laxalt further accused the county commission of very likely violating the state's Open Meeting Law. Even if the commission met with its attorneys privately to discuss the lawsuit, which is allowed under the law, Laxalt said the commission would still need to post notice of such a meeting and share publicly any policy changes that resulted from it.

"Preventing something like this from happening is why these public meeting laws exist," he said.

The Honorable Barbara K. Cegavske
Secretary of State, State of Nevada
101 North Carson Street, Suite 3
Carson City, NV 89701-4786

Attention: Wayne Thorley
Deputy Secretary of State for Elections

Dear Secretary Cegavske:

In response to the coronavirus situation we are all dealing with at the local level, I am writing to request that we are given permission to hold an all mail ballot election for the 2020 Primary Election in Clark County. I make my request pursuant to NRS 293.213(4). We cannot be certain that the poll workers or voting locations can be made available to us based on the public's concern related to being exposed to the coronavirus.

We fully intend to provide the normal in person voting process for the General Election at this point, this is only an emergency response to our current situation with coronavirus. We do not intend to use this as a springboard to encourage the state to move to an all mail ballot process in the future. Our voters have consistently indicated that they prefer the in person experience in Clark County. No excuse mail ballot requests have been allowed for many years and we have not seen a substantial increase in the number of voters who choose to vote by mail.

We hope you appreciate the sense of urgency in making the decision to move to mail for the Primary Election, there is a tremendous amount of work that needs to be done in order to prepare for this scenario. We need approval as soon as possible.

Sincerely,

A handwritten signature in dark ink, reading "Joseph P. Gloria".

SUBJECT: All Mail Ballot Election Notification, In Accordance with NRS 293.213 (5)

This letter will serve as notice that Nevada Secretary of State, Barbara Cegavske, in partnership with the 17 county election officials for Nevada, have called for an all-mail ballot election for the June 9, 2020 Primary Election.

Registered voters in Clark County will be mailed an absentee ballot for the Primary Election. No action or steps, such as submitting an absentee ballot request application, are required by individual voters in order to receive a ballot in the mail. Voters will be able to mark their ballot at home and then return it by mail using a postage paid envelope or by dropping it off in person at a designated county mail drop off location.

We will also be providing a location for those voters who need to make use of same day registration at our Election Center located at 965 Trade Dr., North Las Vegas, NV. If unregistered to vote they will be able to register on site and cast their ballot at the same time. This announcement applies only to the June 9, 2020 Primary Election. Dates and times will be made available through public notice, on our website, and through our outreach program to voters.

The Clark County Election Department will be working with our Public Information Office, and community partners, to provide voter's information during the month of April.

If you have any questions please let me know.

Sincerely,

Joseph Paul Gloria
Clark County, Registrar of Voters
